

TasteLab is a meat alternative company who prioritizes offering plant and other alternative based meat options for customers looking to save animals and lower their carbon footprint as we all do our part to limit climate change. Take a look at our lab-grown ground beef. Can you tell it didn't come from a cow?

See What We're Doing Next

TASTE LAB PORK

In addition to our classic lab-grown and plant-based beefs, we offer a wide array of pork inspired products such as:

- Ham
- Bacon
- Chops
- Sausage

We even have
TASTE LAB Vegan Pork Rind Chips!

TASTE LAB CHICKEN

Also try our latest addition to our line of plant-based and lab-grown meats: chicken! It'll have you saying

"Mmm! Tastes like Chicken!"

- Chicken Breast
- Chicken Wings
- Chicken Thighs

And look our for our newest product in the coming months!
TASTE LAB Eggs and **TASTE LAB** Mayo

And Now Introducing...

THE TASTE LAB FOUNDATION

As the world begins to move away from animal agriculture, more is needed to protect these beautiful animals from harmful corporations reluctant practices as they abandon these animals in unfavorable conditions. Help to be part of the movement to protect these animals by donating or volunteering today!
